

RAMAPO DECA

WHAT IS DECA?

DECA prepares emerging leaders and entrepreneurs for careers in marketing, finance, hospitality and management in high schools and colleges around the globe. Students at Ramapo prepare and compete at the Regional, State, and International Level. DECA provides opportunity for high school students to learn about aspects of the business world and gain experience for future business paths. Competing in front of a judge simulates a job interview or proposal and allows teens to practice the field of business.

FIRST MEETING: Wednesday, September 26th in the Little Theater (upstairs)
